RUM Project Chair applauds “Chemmart® Pharmacy” initiative

Chair of the Return Unwanted Medicines (RUM) Project, Dipak Sanghvi, has congratulated Chemmart® Pharmacy for the September catalogue promotion of the *RUM Project* to consumers which commences 27th August until the end of September 2009.

Mr Sanghvi said: “This is an outstanding initiative for the third consecutive year with Chemmart® providing 550,000 disposable paper bags nationally to consumers for collections in the home during the September promotion. It provides another example of the services provided by community pharmacies across Australia”. A further 32,000 bags will be handed out in-store.

The Chemmart® *RUM* program is driven by Kim Nguyen Category Business Manager of Chemmart® in partnership with *Apotex*.

Chemmart® Pharmacists will also offer advice to customers on how best to take their medication as well as checking the correct combination and dosage.

Kim Nguyen said “this initiative also provides an important opportunity for pharmacists to build closer relationships with their customers”.
